

## THE TRADE TOOLS GROUP

On Monday 13 April 1992 the TTTG held a committee meeting under the chairmanship of the president Henry Black at the home of T Butcher in Redfern.

The following members constitute the committee

Henry Black	Bob Sewell
Ray Gurney	Bob Crosbie
Simon Sadubin	Terry Butcher
Paul Gregson	

This meeting was called together to fix a date for a General Meeting to elect officers for the various positions in order for the Group to function. It was decided that the Committee would remain as is for the time being regardless of the outcome of the meeting. Future committee meetings will be open to any member wishing to attend.

The next meeting of the TTTG will be held at the Balmain Leagues Club, 138 Victoria Road, Rozelle on Wednesday 13 May at 7.30 p.m. Bar service will be available in the close vicinity. The car park is also available.

We trust all members will attend and we would be very happy if you brought along any friends, relations or acquaintances who would be interested.

Following the election of office bearers (which won't take long anyhow), we thought that as we now have so many new members attending for the first time, they naturally would have a lot of questions, and maybe some tools that they would like to have explained OR EVEN tools they have with no idea of their use. SO, bring them along and we trust that some of us will give some of the answers. However, it should be a lot of fun and a chance for everyone to meet one another and do our favourite thing "talk tools".

#### LAST MEETING:

It was on 16 March that we had our first major function and membership drive. This was held at the Redfern Town Hall.

We had Kenneth D Roberts, well known to tool people as an author and lecturer of trade tools. On this night he spoke at length on the Ultimatum Brace and we saw many interesting examples on his colour slides. A most interesting lecture which was followed by a tasty supper (courtesy the Sewells) and a lively question period.

A couple of weeks later on 6 April Henry Black's Tool Swap & Sale was held. We set up our table and stand (posters courtesy of Ray Gurney) and handed out a lot of membership forms; and a lot of people joined up right there and then.

May I welcome all our new members and trust you will enjoy and gain something from joining the Trade Tool Group and, as it's your group, you won't hesitate to become involved in our functions and events.
